

EXPERIENTIAL LEARNING (EL) FUNDS PROPOSAL REGULAR (NON-CONDITIONAL) FUNDING REQUEST

GROUP / TEAM NAME, OR PROJECT TITLE:	Large Format 3D Printer Project		
PREVIOUS FUNDING:	<input type="checkbox"/> We received EL funding last year	<input checked="" type="checkbox"/> We did <i>not</i> receive EL funding last year	
OUR TEAM HAS ____ "FULL DURATION**" MEMBERS:	5	... OF WHOM ____ ARE SEAS MAJORS:	
OUR GROUP IS A (check only one)	<input type="checkbox"/> Competitive club [†]	<input type="checkbox"/> Service or Learning club [‡]	<input checked="" type="checkbox"/> other form of project group
OUR TEAM INCLUDES (check all that apply):	<input checked="" type="checkbox"/> Undergraduates <input type="checkbox"/> Graduate students	WE ARE REQUESTING FUNDING FOR THESE TERMS:	<input type="checkbox"/> Fall <input type="checkbox"/> Summer <input checked="" type="checkbox"/> Spring

FUNDING REQUEST

Only include here the amount being requested of the EL Fund, not your total funding need.

NON-CONDITIONAL REQUEST [§]	PREDICTED CONDITIONAL FUNDS NEEDED ^{**}	TOTAL
\$1000	\$0	\$1000

* "Full duration" members are those who you anticipate to be actively involved with the group by the end of the term. Do not count group members who are likely to be involved early, but not to persist.

† "Competitive clubs" complete an engineering project with the explicit goal of competing against other teams. An example of this is a club that builds a robot with the goal of competing in combat against robots built by other schools.

‡ An example of a "service or learning club" is one that builds devices, and/or teaches others to build devices, for the interest of doing so, but without there being a competition in which they engage.

§ Non-conditional requests are for funds that are needed for the execution of the engineering project itself. These expenses typically include, but are not limited to, parts and supplies.

** "Conditional funds" are those that would be needed upon successful completion of the engineering project, or some other critical milestone. For example, travel to a competition is contingent upon successful completion of some or all of the generative project. Conditional funds must be requested upon or near completion of the engineering project, but must be estimated here so that we can plan for them as an expense if your project is funded.

SIGNATURES

STUDENT PARTICIPANTS

Who must sign? For groups of 5 or fewer, all students on the team. For groups of greater than 5, appointed or elected captains and all other officers.

What does my signature mean? I have read and approve of this proposal. If funded, I commit to undertake the activities described herein and to fulfill the group's obligations as described in the Policies Governing the Experiential Learning Fund. (Note: All signatures must appear on this page; separate emailed acknowledgements are not acceptable.)
